EXPERIENCE

Andronaco Industries, Kentwood, MI – *Entry Web Designer*

January 2022 - March 2023

· Debugged sites using developer tools

· Created three responsive web designs for mobile and tablet users, resulting in a 20% increase in customer engagement and a 12% increase in conversions.

· Revised user flows and designs based on design reviews, usability testing, customer support feedback, and other input sources.

· Created clear icons, messaging, buttons, and other UI elements for smartphones, tablets, and web applications.

· Addressed user interface issues reported by site visitors, creating remedial measures to smooth interaction and correct weaknesses.

· Drove alignment of business requirements, user-centered design methodology, and technology factors to create successful UI/UX designs.

· Presented pros and cons of various design approaches to design teams and management.

Ferry Godmother Productions, Remote, NY — *Streamer*

September 2021 - December 2021

· Developed and maintained professional, long-term relationships with various individuals, including internal personnel, through dynamic communication and active listening skills.

· Wrote code to determine the mechanics and gameplay of new software.

· Identified issues with gaming code and implemented debugging methods to alleviate all errors.

· Used C# to develop game prototypes based on ideas from gaming designers.

· Identified the needs of customers promptly and efficiently.

· Demonstrated leadership by improving work processes and helping train others.

· Promoted high customer satisfaction by resolving problems with knowledgeable and friendly service.
